NDIS myplace provider portal

Step-by-Step Guide

Part 4. Administering your services

11 September 2019
Changes from the last version

The following updates have been made to the last published version of the Provider portal Step-by-step guide:

- Updated to align with latest version of the portal to capture the new Support Coordination Request for Service feature.
# Table of contents

Administering your services

These functions enable you to:

- Find your active Participants
- View a Participant's plan (if you provide services to that participant and have their consent).
- View and manage your Service Bookings (these record which supports you will provide to participants, the value of the supports, and the period within which they will be provided).
- View and manage your Payment Requests (how you submit claims for payment for supports delivered).
- View and respond to Quotations (requests for quotes for supports from the Agency or a participant).
- View Referrals to your organisation (created by the Agency when a participant would like you to contact them).
- View and action Support Coordination Requests for Service.
- Use the Provider Finder (to find additional supports for a participant).
- Upload Evidence related to the participant or their supports.
- Download and view reports about all the service bookings you have with active participants and information about participants you have service bookings with, and also your quotation requests.

Finding Participants

All of your active participants will appear in My Participants. When you open My Participants, you can search for a participant and quickly view their plan, view or create service bookings and payment requests.

⚠️ The NDIA requires consent from participants to share their plans with providers. Only participants and their nominees can provide the NDIA with the consent to share their plans with providers. Participants have the choice to either share, or not share their plans with you and can withdraw consent at any time.

1. Select the My Participants tile on the myplace home page.
2. A list of active participants sorted by first name is displayed. From here you can select the links to view their plan, view or create service bookings and payment requests.
3. To search for a participant, type their name or NDIS number in the Find a Participant field and select Search.

4. To view the plan, select the View link and following instructions from Step 8 in the View Plan section below.
Provider portal - Step-by-step guide

View plan

View Plan allows you to view the plans of participants that you have active service bookings with and have given the NDIA consent to share their plan with you.

The NDIA requires consent from participants to share their plans with providers. Only participants and their nominees can provide the NDIA with the consent to share their plans with providers. Participants have the choice to either share, or not share their plans with you and can withdraw consent at any time.

See Download Service Bookings if you want to download and identify any plans that are expiring in 7 days and that include service bookings that qualify for automatic extension. The 28-day plan auto-extension feature will allow you to discuss the range of services participants might need during the 28-day extension period.

Further information on the 28-day plan auto-extension feature and its impact can be found on the Provider Toolkit website.

1. On the home page select View Plan.

A Participant Search screen displays.

2. A dropdown menu displays for the search criteria field. Use the dropdown menu to select the criteria you wish to use. In this example we are searching by the Participant’s Name.

3. Enter the participants first and last name in the search criteria field.

4. Select Search.

5. You must enter both the participant's first and last name to search. When a participant has a common name, it may be easier to search by NDIS Number. You will receive an
error message if you don’t enter both names and will be asked to complete the required fields. The names entered must be an exact match for the system to find the participant.

6. You can only view a participant’s plan if you have an active service booking with the participant. If you do not have an active service booking you will receive an error message.

Note: To create the first service booking, you will need to work from the participant’s printed plan, or the information the participant provides to you.

7. You can hover over the ‘?’ icon to obtain help on fields.

After searching for a participant, you will see the View Participant Plan page. Select the required participant to open their plan details.
8. The View Participant's Plan page shows the participant’s details (name, gender, NDIS number, date of birth and interpreter need) as well as three open/close sections displaying the participant’s:

- **Current Plan** – displays the days remaining in the plan. Select the View Previous Plans button to view the details of past plans.

- **Goals** – listing the participant’s goals and their response to ‘How I will achieve this goal’ and ‘How I will be supported’

- **Participant's Nominee Details** – showing the nominee’s name and relationship details, where a nominee exists.

#### Support Coordination

- **Funds Spent:** $27.00
- **Funds Remaining:** $181.74

- **Allocated Items:**
12. In the **Capital** section, amounts will only be shown where a quote has been accepted. The amount will be shown as **Approved Funds**.

![Plan Budget](image)

**Note:** When you have been given consent to view a participant’s plan and you are a registered support coordinator with an active service booking you will see the information outlined at points five and nine as well as information about the type of plan management in the plan and details of other community, mainstream and in kind supports.
Consent to view plan notification

1. You will receive via the Inbox, notification of consent to view a participant’s plan, as well as any changes to consent. This will be a message of type ‘Changes to plans shared with you’.

2. See Inbox Step 4 for details of how to filter messages by type.
Provider portal - Step-by-step guide

Service bookings

Prior to providing services to a participant, you need to ensure there is a service agreement (not held in the NDIS system) between you and the participant.

A service booking details support(s) that you will provide to a participant under the service agreement. Both you and the participant will need to agree to the service. A service booking must be in place before you can be paid for a service.

You can create and manage service bookings with your participants using myplace. Service bookings can also be created by participants, their nominee, or their plan manager. A participant may also be supported by an Agency representative to complete their service bookings.

Providers can:

- Create a new service booking with a participant.
- View and edit existing service bookings.
- Accept or reject a new service booking including providing a reason for rejection.
- Accept or reject a change to an existing service booking, including providing a reason for rejection.
- Edit support details on a service booking including duration, price and quantity.
- End a service booking including immediate cancellation.

Important points to note:

- The dates of the service booking must be within the participant’s current plan.
- If the dates of your service booking do not cover the whole plan duration, you can create additional service bookings, or extend it to cover the plan. The dates of the service bookings (with the same support category) cannot overlap. Plan Managers should create their service bookings for the duration of the plan.
- End dates of service bookings that are about to expire, and that share the same end date as the plan they belong to, will be extended using the 28-day plan auto-extension feature. Note that some service booking supports cannot be auto extended. The auto-extension feature, where it has been applied, will allow you to discuss the range of services participants might need during the 28-day extension period. Providers will receive an alert in the service booking screen to notify when a service booking has received an extension.

Further information on the 28-day plan auto-extension feature and its impact can be found on the Provider Toolkit website.

- A service booking must have at least one support category (displayed as Support Budget) included.
- You can have multiple support categories within one service booking.
- You can have additional service bookings for the participant for other support categories.
- The Item Number field (line item) is not mandatory unless the item is stated in the plan.
Create service bookings

Providers can create two types of service bookings depending on the participant's plan. Participant plans will have funding allocated at either a category level or an item level. (Some will have funding at both levels. In this case, providers might need to create two separate service bookings.)

Item level funding

If a participant has a stated item in their plan, and the provider tries to create a service booking in the support category but does not choose the support item, the portal will reject the service booking.

The stated support must be chosen to lock in the funds for that support and to create a service booking.

Category level funding

If a participant has funding allocated at a category level, the provider can create a service booking without having to state the line item.

This type of service booking allows providers to use participant funds more efficiently and delivers greater flexibility for participants to utilise their funding across different support items within a support category.

Important: The Agency recommends that service bookings be created at the category level, if possible. This allows providers and participants to negotiate or access supports on a more flexible basis, especially for on-the-spot assessments or services. This is preferable to having to create another service booking for that item at a later date or having funds locked into a support line item that does not relate to the appropriate support.

1. Select the Service Booking tile on the myplace home page.
2. Select the New Service Bookings tile.

The Add service booking page opens.

3. Enter the participant's Last Name, NDIS Number, Date of Birth and select Search.

The Service Booking Details section (Step 1) opens.
4. Select the **Service Booking Type**. The types available are:

- **Standard booking** is available when funds are Agency managed. In most instances the only option will be standard booking.

- **Plan managed** is only available when a provider is managing participant funding, as specified in the plan. The plan manager provider must be registered to do this. To create a plan managed service booking, a standard service booking between the plan manager and participant must first exist. This standard service booking needs to include at least one item for financial intermediary supports.

5. Enter the start and end dates of the service booking. These dates cannot sit outside the date range of the plan.

6. Select **Find Plan**.
The **Select Plan** section (Step 2) opens.

![Select Plan](image)

7. Select the button of the plan you want to work with.

The **Support Details** section (Step 3) opens.

![Support Details](image)

8. Select the support category using the dropdown button for **Support Budget**.

9. Select the magnifying glass in the **Item Number** field. If you do not wish to record the **Item Number**, skip steps 10 and 11.

   **Note:** The **Item Number** field (line item) is not mandatory unless the item is stated in the plan. Typically, an item is not stated but contact the participant to verify.
Provider portal - Step-by-step guide

The list of support items opens.

10. Select the relevant **Support Item Number**.

   **Note:** Only items which you are registered to provide will be displayed.

11. If the support relates to an in-kind program, select it in the in-kind program section.

12. In the Support details section (Step 3), enter the allocated amount and the quantity as agreed with the participant then select Add.

   **Note:** For time-based supports, you can either enter the total amount or the number of hours with an hourly rate. This will not impact payment requests.

   **Note:** For in-kind program supports, the allocated amount is read only.

   - Select **Reset** to clear all your entries and selections.
   - If you need to add another support item, select **Add**.
13. The support item added moves to the Added Details section.

- If these details are incorrect, you can edit or remove the entry using the Action links.
- When the details are correct, select Next to continue.
14. Once you have selected Next to continue, the booking and item details display. To edit the details of the service booking, select Back.

15. Check the service booking is correct and when you are confident that everything is correct, add comments to the ‘Comments’ field to explain the booking.
16. Ensure the service booking is as agreed with the participant, then tick the mandatory declaration and select Submit.

**Note:** The service booking is automatically approved for the participant when it is created. The booking confirmation page displays.

17. Select View Service Bookings to go directly to the View Service Bookings page, which is described in the steps below or select myplace logo to return to the home page.
View service bookings

Service bookings can also be created by participants, their nominee, an Agency representative or their plan manager. All your service bookings can be accessed through View Service Bookings.

1. Select View Service Bookings on the Service Booking page. A list of your service bookings will be displayed. The service bookings are sorted by service booking number, with the most recent booking first.

2. Select a Service Booking Number to view details of that booking.
Provider portal - Step-by-step guide

**Note:** Only 10 results are listed on screen together. Use the ‘Next’ and ‘Previous’ buttons at the bottom of the screen to navigate forwards and backwards through lists that have more than 10 entries.

**Tip:** You may need whenever you make a new selection to re-select *Refine Search* (besides the *Search* button) to expand and view the sorting options available on screen.

3. You can search the list of service bookings two ways:

   a. By entering a participant’s name or NDIS number, or service booking number; then click the *Search* button.

   b. By selecting from the ‘Initiated By’ or ‘Status’ dropdowns; then click the *Search* button.

   - ‘Initiated By’ allows you to view and sort the service bookings by the party that initiated the booking — by All, Participant, Provider or Staff.

   - ‘Status’ allows you to view and sort the service bookings by:

     o Active / Inactive (these are listed in the results separately)

     o Awaiting Participant Review

     o Awaiting Review

     o Change Awaiting Participant Review

     o Review Change

     o Rejected

**Note:** These are explained below.

<table>
<thead>
<tr>
<th>Service Booking Status</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Active</strong></td>
<td>The service booking has passed validation and been accepted by the participant and provider. It is currently within the dates where service delivery may occur and can have payment requests made against it.</td>
</tr>
<tr>
<td><strong>Inactive</strong></td>
<td>The service booking passed validation and was accepted by both participant and provider, but it has now expired (past the date of service delivery). It can have payment requests made against it if the date of service delivery falls within the original service booking dates.</td>
</tr>
</tbody>
</table>
## Provider portal - Step-by-step guide

<table>
<thead>
<tr>
<th>Service Booking Status</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Awaiting participant review</td>
<td>The participant needs to review the new service booking. Please note: If the participant does not have access to their myplace portal to review the service booking, you should contact the Agency.</td>
</tr>
<tr>
<td>Awaiting review</td>
<td>The provider needs to review the service booking and either accept or reject it (refer to Accept or reject a new service booking for further details).</td>
</tr>
<tr>
<td>Review change</td>
<td>The service booking has been modified by the participant or Agency. You need to accept the change to make the service booking active or reject the change to keep the service booking as it was (refer to Accept or reject a new service booking for further details).</td>
</tr>
<tr>
<td>Rejected</td>
<td>Either the participant or provider did not accept updates to the service booking. No payment requests can be made against it.</td>
</tr>
<tr>
<td>Change awaiting participant review</td>
<td>The participant needs to review the updated service booking. Please note: if the participant does not have access to their myplace portal to review the service booking, please contact the Agency.</td>
</tr>
</tbody>
</table>

4. You can then sort the list of Search Results by the column titles; just make your selection from the options in the ‘Sort By’ dropdown to view all service bookings by:

- Service Booking Number
- Service Booking Start Date
- Service Booking End Date
- Submitted Date
- Service Booking Status
- Initiated By.
5. Select a **Service Booking Number** to view details of that booking.

---

In the search results, you can select a service booking number to view the details. Here are the details for two service bookings:

**Service Booking Number 50015923**
- **Service Booking Type:** Standard Booking
- **Participant Name:** ashwin first (430214424)
- **Start Date:** 27/09/2018
- **End Date:** 27/09/2018
- **Submitted Date:** 27/09/2018
- **Service Booking Status:** Active
- **Initiated By:** Staff

**Service Booking Number 50015922**
- **Service Booking Type:** Standard Booking
- **Participant Name:** ashwin first (430214424)
- **Start Date:** 27/09/2018
- **End Date:** 30/11/2018
- **Submitted Date:** 27/09/2018
- **Service Booking Status:** Active
- **Initiated By:** Provider
The details of the service booking display.

![Service Booking Details](image)

**Note:** End dates of service bookings that are about to expire, and that share the same end date as the plan they belong to, will be extended using the 28-day plan auto-extension feature. You will see an alert in the service booking screen to notify you when a service booking has received an extension: “The end date of this service booking has been extended to align with the participant’s plan dates”.

6. Select **Back** to return to the previous page.
Accept or reject a new service booking

New service bookings will have a status of ‘Awaiting Review’ and will need to be accepted to become active and enable service delivery and payment.

1. Select the View Service Bookings tile and expand the Refine Search dropdown.

2. Click on the Status dropdown and select ‘Awaiting Review’; then click the Search button to display new service bookings awaiting review.
3. Select a **Service Booking Number** to view details of that booking.

![View Service Booking Details](image_url)

**Record Review Decision**

Please review the newly created service booking details as displayed above. If you choose to Approve this service booking, it will come into effect from the Start date.

Decision: Please select

[Submit]
4. Review the service booking. If you decide to accept the service booking, select ‘Accept’ from the **Decision** dropdown under **Record Review Decision** and select **Submit**.
5. If you decide to reject the service booking, select a **Reason for Rejection** and select **Submit**.
Accept or reject changes to a service booking

Service bookings that have been modified by the participant or Agency will have a status of ‘Review Change’. You can accept the changes to update the service booking or reject the change to keep the service booking as it was previously.

1. Select the View Service Bookings tile and expand the Refine Search dropdown.

2. Click on the Status dropdown and select ‘Review Change’; then click the Search button to display new service bookings requiring review.
3. Select a **Service Booking Number** to view details of that booking. The revised end date, quantity and amount are shown.
4. Review the changes and decide whether to accept or reject the change.

Service booking changes notification

A daily summary of all changes that have been made during the day is sent automatically to your Inbox overnight to help alert you to changes that require attention. Just filter your Inbox by ‘Changed Service Bookings’ and select your preferred format (HTML or PDF) to read the notification.

The notification summary of all service booking changes for all participants will be displayed:
RE: Summary of Service Bookings requiring further action

The following service bookings have been created or amended and require further action by you:

Please use the myplace portal to review and either accept or reject the change. Note that if the end date has been brought forward, an accrual for pending claims may be added and there can be no further updates to the service booking.

If you have any questions, contact the National Disability Insurance Agency on the details provided below.

Yours Sincerely

National Provider Payments Team
National Disability Insurance Agency

How to contact the NDIS
Please remember if you phone us we need to know we are talking to the right person so we will ask for details only you, or a person authorised on your behalf, would know.

- Phone us: call 1800 800 110
- TTY user: call 1800 555 677 and ask for 1800 800 110
- Speak and Listen (speech-to-speech relay) user: call 1800 555 727 and ask for 1800 800 110
- Internet relay user: visit the www.relayservice.gov.au and ask for 1800 800 110
- Email: enquiries@ndis.gov.au
- More information: www.ndis.gov.au
Provider portal - Step-by-step guide

Edit support details on a service booking

You may need to amend some of the details on the service booking, such as quantity or allocated amount.

1. Follow the steps outlined under View Service Bookings above.

2. Ensure that the service booking to be edited has been initiated by the provider.

3. At step 6, select Update Allocation.

4. Enter the new Quantity, Allocated Amount and check the declaration to confirm that the service booking reflects what you have discussed and agreed with the participant.

5. Select Submit.
End a service booking

You might need to end a service booking if you are unable to continue to deliver the service, or the participant asks you to stop delivering the service.

1. Follow the steps outlined under View Service Bookings above.

2. At step 6, select End Service Booking.

The End Service Booking screen displays.

3. Complete the following fields:

   - At Service Booking End Date, enter the end date for the service booking and the reason for the change (e.g. to support participant choice, some provider choice, and some both).

   **Note:** If you want to change a service booking end date to be later than its current end date, the participant is required to accept the change. You must check the ‘declaration’ at the bottom of the screen to indicate that you have discussed the change with the participant and that you are authorised by them to confirm the new end date.

   - At Reason for Ending, select from the dropdown list. Some reasons are there to support participant choice, some provider choice, and some both.

   - Enter the value of services delivered where a payment request has not yet been submitted at Accrual for pending payment requests. This is to ensure sufficient funds are retained against the service booking to pay for all services delivered.

   - Tick the box at the Declaration. This is a compulsory field and the onus is on you, as the provider, to have discussed and gained consent from the participant to end the service booking.

4. Select Submit.
A warning will be displayed that following the update, Quantity, Allocated Amount (Unit Price) and End Date cannot be changed.

5. Select Yes.
Delete a service booking

If you have created a service booking in error, you may wish to delete it. Service bookings can be deleted only if:

- There is no payment requested created or saved against it
- There is no accrual against it, and
- No payments made.

1. Find the service booking to delete and select the **Delete** button.

2. A warning will be displayed to confirm that once you delete it, the service booking will be removed from your list of services bookings permanently and you will not be able to provide services or request payment if you proceed.

3. Select **Yes**.
An information message confirms that the service booking has been deleted.
Payment request

Payment requests were previously known as claims. In this tile you can create and submit payment requests to NDIS. You can also go here to view a history of submitted payment requests.

⚠️ You will need to have provided your bank account details to NDIS before a payment request can be created. Usually, you would have recorded your bank account details in the myplace portal after registering with NDIS (please see Bank Account Details section).

Create a payment request

1. Select the Payment Request tile on the myplace home page.

2. Select Create Payment Request.

3. Search for the participant you have provided services for. You can search for the participant by their first or last Name or NDIS Reference Number. Choose how you want to search by selecting the dropdown menu.
4. Enter the details of the participant for whom you need to submit a payment request and select **Search**. In this example, the participant’s NDIS reference number is selected as the search criteria. The NDIS number can be either the participants new NDIS number or the old Siebel NDIS number.
The Search Results display.

5. Select the relevant Participant Name.

The Search Results display.

5. Select the relevant Participant Name.

The New Payment Request window opens.

6. Enter data in the required fields. These fields are marked with a red asterisk (*) and must be completed. The required fields are Support Start Date, Support End Date, Support Category, Item Number, Item Quantity, Payment Amount, Claim Type and Invoice Number. If the Claim Type is cancellation, a cancellation reason is required.
Note: The information entered for the payment request must align with the service booking (i.e. you cannot enter a date that is outside the date range of the service booking).

7. Select the **Support Category**.

8. Select the **Item Number** magnifying glass icon to search for the **Item Number**.
Provider portal - Step-by-step guide

A list of the items displays that are available to claim.

9. Select the ‘Support item number’ for the item you wish to submit a payment request for.

10. You will also need to enter your **Invoice Number** as a reference for your payment request. This invoice number is specific to your invoicing process and is not generated by NDIA.

   **Important:** The **Payment Amount** is the total amount being requested; it is not the unit price amount.

11. You will also be required to enter the **Claim Type**. This field has a dropdown menu that is used to claim for the following services; refer to the NDIS Price Guide for further information on each **Claim Type**.
12. If the Claim Type selected is cancellation, then a Cancellation Reason will be required from a list for the most appropriate reason.

13. If you need to add more items for this participant, select Add to enter them. Select Next to continue to the next stage.
Note: To delete a line in a payment request, select Delete. The Review Payment Request page opens.

14. Review the following details and select the relevant action:

- If the payment request details are correct, tick the mandatory price guide acknowledgements box at the bottom of the screen and select Submit.
- If the payment request details are correct, select Submit.
- If you need to change any of the payment request details, select Back.
- If you do not wish to continue with this payment request, select Cancel.

You will receive a confirmation once your payment request has been submitted.
View payment request

You can view a history of submitted payment requests. You can view by submitted payment requests or bulk upload files.

Submitted payment requests

1. Select View Payment Request on the Payment Request page.

2. At View By, select Submitted Payments Request from the dropdown list.
## Provider portal - Step-by-step guide

### Search for Payment Requests

Required fields are marked with an asterisk (*)

**View By:**
- Submitted Payment Requests
- Uploaded Bulk Payment File

### Search Results

<table>
<thead>
<tr>
<th>Payment Request Number</th>
<th>Invoice Number</th>
<th>Participant Name (NDIS Number)</th>
<th>Support Budget</th>
<th>Submitted Date</th>
<th>Support Start Date</th>
<th>Support End Date</th>
<th>Status</th>
</tr>
</thead>
</table>

**Page 1 of 1**
3. Select the **Search by** drop down and select the desired search criterion.

4. Enter your search criterion and select **Add to Criteria**. You can add multiple search criteria.
5. You can search by various criteria — rejected, incomplete, pending payment, paid, cancelled or awaiting approval. Select Add to Criteria to add more criteria to your search.

6. Once you have entered all your criteria, select Search.

Your search results display.

7. Select the Payment Request Number to open details of that payment request.

The table below explains what the different status criteria mean.

<table>
<thead>
<tr>
<th>Payment Request Status</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Paid</td>
<td>Payment has been approved and payment issued.</td>
</tr>
<tr>
<td>Incomplete</td>
<td>The payment request needs to be updated as it is incomplete.</td>
</tr>
<tr>
<td>Pending Payment</td>
<td>Payment is yet to be finalised.</td>
</tr>
<tr>
<td>Cancelled</td>
<td>The request has been cancelled.</td>
</tr>
<tr>
<td>Deleted</td>
<td>The request has been deleted.</td>
</tr>
<tr>
<td>Awaiting Approval</td>
<td>Approval required from the Agency.</td>
</tr>
<tr>
<td>Rejected</td>
<td>The payment was not processed and will not be visible to the user.</td>
</tr>
</tbody>
</table>
8. When the details of the payment request display, select **Back** to return to the previous page.

**Payment Request Summary**

- Reject Reason:
- Paid on:

**Uploaded bulk payment files**

Further details on how to do this can be found in the Bulk payment request instructions - step-by-step guide in the Provider Toolkit.
Provider portal - Step-by-step guide

Cancel payment request

If you make a mistake with a payment request, you can cancel the request if it has a status of **Pending payment** or **Paid**. After the request is cancelled, you can enter a correct payment request if needed.

If you cancel a payment request with a status of **Pending payment** (i.e. we have not yet paid you that amount) the payment request will not be processed.

If you cancel a payment request with a status of **Paid** (i.e. we have paid you that amount and you consider it to have been paid incorrectly), we may:

- send you an invoice requesting repayment of the cancelled amount, or
- offset your future payment requests against the cancelled amount.

**Note:** If we apply an offset, you will not receive any further payments until you have submitted payment requests which in total, equal the cancelled amount.

**Note:** If you wish to return a payment that you have received after cancelling the payment request, please contact us on 1800 800 110.

1. Select the **Payment Request Number** link to display the **Payment Request Details**.

**Note:** Only payments that have the status of **Paid** or **Pending Payment** can be cancelled.
2. Select **Cancel Payment**.

A message displays asking ‘Are you sure you would like to cancel the selected payment?’

3. Select **Yes**.
4. The following message displays. If you search again for the payment request you will see it now has a status of **Cancelled**.

![Payment Request Details](image)

**Recipient Created Tax Invoices (RCTI)**

These are generated for each payment request or bulk upload. To make reconciliation simpler, all invoices for the same day are batched together.

Additionally, there is an ability to download RCTIs in PDF and Excel format.
Provider portal - Step-by-step guide

Bulk payment request upload
You can upload payment requests in bulk. The payment requests can be uploaded in either .csv or .xml file formats. Use the current version of the bulk upload template available on the myplace portal.
Further details on how to do this can be found in the Bulk payment request instructions - step-by-step guide in the Provider Toolkit.

Payment summary
You can view a summary of the payment requests through Payment Summary. The summary can be up to a 30 day period and includes cleared (received) payments, pending payments, rejected payments and bulk upload file payments.
Select Payment Summary on the Payment Request page.

1. Enter the From Date and To Date of the summary (up to a 30 day period).

   Note: This is the date that the payment was requested.
2. Select **Find Summary**.

3. Select **Open Section** to view the summary details.
## Payment Summary

Quotations

This section allows you to view and respond to quotation requests sent to your organisation by the NDIA. Quotations enable you to submit quotes to provide particular supports (for example, assistive technology, home modifications and accommodation) on a participant’s plan.

Note: Many quotations are currently being managed outside the portal and entered into the system by the Agency to manage system limitations.

View a quote

1. Select the Quotations tile on the myplace home page.

When a Quotation Request is received a banner, notification will appear on the tile.

The Quotations page opens and your quotes will be displayed. The results will be organised under the following column headers:

- **Find a Participant**: Enter either the participant name or their NDIS number.
- **Sort By**: Select an option from the dropdown list to sort the list by the column headers.
- **Participant Name (NDIS Number)**: The name and NDIS number of the participant that the quotation relates to.
- **Date Requested**: The date the quotation was requested by NDIA.
- **Quote Type**: Shows the type of quotation.
- **Description**: Describes the item.
- **Item**: Shows the item number.
- **Status**: Shows the status of the quotation as one of the following:
  - Awaiting provider response
  - NDIA has received response
  - Quote is accepted
  - Quote has expired
  - Quote was unsuccessful.

2. Select Sort by to sort the list of quotes by any of these columns. Only one column can be sorted at a time. Use the previous / next page controls at the bottom of the page to move through the list. To return to the previous page, select Back.
3. To view details for a particular quote, select the quote number under the **Quote Id** heading.

4. To refine your search, select the **Refine Search** dropdown to display the filters you wish to search on. You can enter multiple criteria to further refine the list:
The Quotation Details screen displays.

Note: For plans migrated from the NDIS trial only, there has been a temporary change to the myplace provider portal to bypass the quotation process. This has been implemented to allow payment requests to successfully be processed.

Provider needs to claim at the category level (not line item level).

Bulk upload – the service booking will automatically be created for the payment request. For payment requests individually entered through the provider portal, a service booking (for the appropriate support category) needs to be created beforehand.
This is only for items that require a quote.

Respond to a quote

1. To respond to a quotation request, complete the fields in the Quotation Response section:
   - **Supply Details**: Enter all relevant information about the supply of the item and/or service.
   - **Specifications**: Record the conditions of the quote.
   - **Inclusions**: Enter all items that are included in the quote.
   - **Specific Exclusions**: Record any items that are excluded in the quote.
   - **Price per Unit**: Enter the total price of the quote per unit (excluding GST).
   - **GST per Unit**: Record the GST amount.
   - **Terms of Quote**: Select the number of days that the quote is valid for from the dropdown list.
2. Once you have entered all the information, check that the Quotation Amount Summary is correct and select Submit.

A success message displays.
3. Select **Back**.

The status of the quote changes to **Response Received**.
If the Agency approves your quote, a service booking is automatically created for you and the participant. You will also receive a message in your Inbox informing you that the service booking has been created. The status of the quote changes to approved.

You will receive a message in your Inbox if the quote has been rejected by the Agency.

**Note:** The system does not enable you to update and resubmit a revised quote. Where negotiation is required, please contact the your local NDIA office prior to submitting your quote.

**Referrals**

This section allows you to view referrals made to your provider organisation by the Agency.

1. Select the **Referrals** tile on the **myplace** home page.

2. The list of referrals opens.

3. Select **Home** to go back to the **myplace** home page.
Requests for Service

This section allows you to:

- view Support Coordination Requests for Service sent to your provider organisation by the Agency
- access and review Support Coordination Requests for Service sent to your provider organisation by the Agency
- accept or reject Support Coordination Requests for Service sent to your provider organisation by the Agency.

View Support Coordination Requests for Service

1. Select the Request for Service Forms tile on the myplace home page.
2. The full list of Request for Service Forms displays. It shows the complete list of requests for service issued to your organisation.

3. You can search for specific requests for service by participant name or NDIS number.

![Request for Service Forms](image)

4. Select an option from the Refine Search dropdown to sort the list by the column headers:

   - **Request ID**: Individual Request ID for each request.
   - **Participant name**: NDIS participant name.
   - **Plan End Date**: Participant Plan End Date.
   - **Date Requested**: The date the request for service was referred to your provider organisation.
   - **Due Date**: The Due Date by which you need to respond to a Request for Service referral request.
   - **Status**: Displays the status of the support coordination request for services:
     - Pending, awaiting your review and response (maximum of 4 days)
     - Accepted, provider has accepted the request
Provider portal - Step-by-step guide

- Rejected, provider has rejected the request
- Expired, request has not been action by provider before due date
- Cancelled, the request has been cancelled

5. You can also sort the results in the Sort By dropdown by Request ID and Status.

Access and review Support Coordination Requests for Service

1. To access and review a request for service, click on the specific Request ID. You can only access a request for service with a status of Pending or Accepted.

   While the list will display all requests for service submitted to your provider organisation, you will not be able to access requests with a status of Cancelled, Rejected or Expired.

2. Select the underlined Request ID.

The Request for Service — Manage New Request for Service screen displays.
The screen shows the following information:

- **Participants Details**: the request ID, participant’s name, participant’s age, the NDIS plan end date, preferred contact method, phone number, email, address, if a participant requires an interpreter, the myplace activation code status, the due date for actioning the request, and why the Agency referred the support coordination request to your provider organisation.

- **Request Details**: the Request ID, document name, and date of attached. This section provide access to the individual request for service details.

- **Referral Decision**: This section allows you to respond to the Agency's request for support coordination.

3. To access the detail for an individual Request for Service, select the **Request for Services form** link under the ‘Document Name’ column header.
The request for service form displays. It comprises eight ‘parts’ — these are described below. Select the part name you are interested in. You can also select the Next or Back buttons below the part details to move from one part to another.

**Note:** Select the View RFS List button to display the full list of support coordination requests for service issued to your provider organisation.
The eight parts are as follows:

**Part 1&2** displays the participant’s name, age, contact details and other information.

**Part 3&4** displays the details of the request support coordination provider and the nature of the support coordination request.

**Part 5** displays the referrals for assessment that are part of helping the participant to implement their plan.

**Part 6** displays details for the participant such as disability information, living arrangements, relationships and supports.

**Part 7** displays the participant’s goals.

**Part 8** displays the participant’s funded supports included in the participant's plan.

### Accept or reject Support Coordination Requests for Service

The **Referral Decision** can be either ‘Accept’ or ‘Reject’.

1. To accept or reject a Request for Service Form, select the underlined **Request ID**.

```
      543763  Sam Self  26/03/2020   11/07/2019  17/07/2019  Pending
```

2. To accept the referral request, select **Accept** from the Action dropdown box and select the **Submit** button.
3. To reject the referral request, select **Reject**, followed by one of the four **Reject Reasons** in the dropdown box, and then select the **Submit** button.
## Provider portal - Step-by-step guide

### Participant Details

- **Request ID**: 643143
- **Name**: Sam Self
- **Age**: 39
- **Plan end date**: 26/03/2020

Provider portal - Step-by-step guide

Provider Finder

You may need to assist participants to find supports that you can't provide. You can use the Provider Finder to search for providers within a specific area. You can also search by a Service (also known as Professions in Registration Groups).

1. Select the Provider Finder tile on the myplace home page.

The Provider Finder page displays.

2. You can search by different criteria; complete the fields that you wish to search by:

   - At Name, if you know the organisation, enter the organisation name (or part of the name) you are searching for, otherwise leave blank.
   - At Category, select the profession (e.g. Builder) or Registration Group (e.g. Home modification) for the provider from the dropdown list, otherwise leave as ‘Any’.
   - At Near Location, your organisation address displays. Enter a different address if you want to locate providers in a different area (e.g. use the participant’s address if you need a provider close to the participant’s home).
     
     **Tip:** Start entering the address using street number and name, select from the valid addresses that are listed. The more detail you enter, the more refined the list.
   - At Within, select the radius of the search. This radius is based on the address in Near Location.

3. Select Search.

The results of the search display.

4. Use the pagination functions to move through the results.
Provider portal - Step-by-step guide

5. Select **View Details** to see more information about the provider.

Details of the provider display, including contact information, operating hours, services provided and contact information.

6. Select **Show Map** to view the location of the provider. Or select ‘Back to search results’ to return to the search results.
7. Select **Hide Map** to return to the **Provider Details** page. Or select ‘Back to search results’ to return to the search results.
For some processes (e.g. Quotations, NDIA Registrations) you need to provide additional information to the Agency. **Upload Evidence** provides this capability. This area enables you to upload documents to the NDIA.

**Important Note:** Do not use this function to upload evidence related to registration in states/territories that have transitioned to the NDIS Quality and Safeguards Commission. You must upload Commission evidence using the Commission portal.

1. Select the **Upload Evidence** tile on the myplace home page.

2. The **Document Upload** page displays.

3. Type in the **Document Name** (a meaningful name for you) and **Description** (what it contains).

4. Select **Browse** to locate the document on your computer.

5. Select the **Upload** button.

**Note:** Your uploaded documents will display under the **Available Documents** heading.
Note: You are not able to associate the document with an individual participant. If the document needs to be associated with the participant, please contact us on 1800 800 110.

Note: You are not able to open the document from within the portal, or remove it from the system after it is uploaded. If you uploaded the wrong document, please contact us on 1800 800 110.

Tip: Use meaningful document names and description. For example, put the type of document (e.g. Home Modification Plan) in the Document Name, and the Participant’s NDIS number in the Description.

Tip: Ensure you retain a copy of the uploaded file and are able to relate your copy to the Document Name and Description.
Provider portal - Step-by-step guide

Downloads

You can download in just one report information about all the service bookings you have with active participants as well as information about all the participants that you have service bookings with and who have given the NDIA consent to share their plan with you. You can also download a list of your quotation requests.

1. Select the Downloads tile on the myplace home page.

2. After you click the Downloads tile, you will see a new tile screen with three options:

   - Download Service Bookings
   - Download Quotations
   - Download My Participants.

Download Service Bookings

This tile allows you download reports listing all the active service bookings you have with participants.
1. Select **Download Service Bookings** to request and download a report containing your service bookings information.

The **Download Service Bookings** screen displays, listing all service bookings that were active for your organisation in the 90 days to today’s date.

**Note:** If you are downloading reports to identify any service bookings that have expired or are about to expire, to determine if they have been extended by the 28-day plan auto-extension feature, you should filter the report by plan end date in Excel.

2. Select **Request Download**. Or select **Back** to go back to the **Downloads** page.

**Note:** You can also download one of the reports already listed.

The **Download Service Bookings** screen displays with a green tick and system message saying ‘The request for download has been submitted.’ You can select **Cancel Request to**
cancel a download (pending report) that you have just requested. Or select Back to go back to the Downloads page.

3. You will need to refresh the list of reports to view and download the report you have just requested. To do this, select Back to go back to the Downloads page.

The Downloads page displays once more.

4. Select the Download Service Bookings tile to view the list of available reports. Your report will be listed first.

   Note: The system might occasionally experience delays of up to several hours when generating reports depending on the size of the report and system load at the time of request. In this case, you might need to repeat Steps 3 and 4 to see your report.

5. Select Download to download the report you requested.
6. When you select **Download**, an **Acknowledgement** window will pop up. Check the box to show you agree and will adhere to the acknowledgement regarding use of the information in the report that you are about to download.
After you check the **Acknowledgement** box, the popup window will expand to display a number of file format download options.

You have a choice of 4 format types depending on your business needs. They are:

- **Print Friendly** — a format that allows you to view the data as a printable, readable report. If you wish to, you can use this format to output a PDF version; you will need to select to ‘print to PDF’ if this function is supported by your computer
- **CSV (Comma Separated Values)** — typically used to open as a spreadsheet for sorting and filtering the data. Note that this download has two heading rows
- **XML (eXtensible Mark-up Language)** — a format for importing into business systems
- **JSON (JavaScript Object Notation)** — a simple format for importing into business applications
Download Quotations

This tile lets you download a list of all your quote requests.

1. Select **Download Quotations** to request and download your quote requests.

The **Download Quotations** screen displays a list of all quotes received by your organisation in the previous 90 days. If none were requested, no list will be displayed.

2. Select **Request Download**. Or select **Back** to go back to the **Downloads** page.
   
   **Note**: You can also download one of the reports already listed.

3. When you select **Request Download**, an **Acknowledgement** window will pop up. Check the box to show you agree and will adhere to the acknowledgement regarding use of the information in the report that you are about to download.
Provider portal - Step-by-step guide

4. After you check the Acknowledgement box, the popup window will expand to display a number of file format download options.

You have a choice of 4 format types depending on your business needs. They are:

- **Printer Friendly** — a format that allows you to view the data as a printable, readable report. If you wish to, you can use this format to output a PDF version; you will need to select to ‘print to PDF’ if this function is supported by your computer
- **CSV (Comma Separated Values)** — typically used to open as a spreadsheet for sorting and filtering the data. Note that this download has two heading rows
Provider portal - Step-by-step guide

- XML (eXtensible Mark-up Language) — a format for importing into business systems
- JSON (JavaScript Object Notation) — a simple format for importing into business applications

Download My Participants

This tile lets you download a list of participants that you have active service bookings with. The download expires 24 hours after the report is requested to ensure the data is always up to date.

**Important note:** You will only be able to access information for participants who have given your organisation their consent to access their information. The information will in turn be restricted to:

- Participant name
- NDIS number
- Plan number
- Plan start date
- Plan end date
- Gender
- Interpreter required.

1. Select **Download My Participants** to request and download your participants information.

The **Download My Participants** screen displays listing any reports requested by your organisation in the previous 24 hours. If none were requested, no list will be displayed.

2. Select **Request Download**. Or select **Back** to go back to the **Downloads** page.

**Note:** You can also download one of the reports already listed.
The Download My Participants screen displays with a green tick and system message saying ‘The request for download has been submitted.’ You can select Cancel Request to cancel a download (pending report) that you have just requested. Or select Back to go back to the Downloads page.

3. You will need to refresh the list of reports to view and download the report you have just requested. To do this, select Back to go back to the Downloads page.

The Downloads page displays once more.
4. Select the Download Service Bookings tile to view the list of available reports. Your report will be listed first.

**Note:** The system might occasionally experience delays of up to several hours when generating reports depending on the size of the report and system load at the time of request. In this case, you might need to repeat Steps 3 and 4 to see your report.

5. Select Download to download the report you requested.

6. When you select Download, an Acknowledgement window will pop up. Check the box to show you agree and will adhere to the acknowledgement regarding use of the information in the report that you are about to download.

After you check the Acknowledgement box, the popup window will expand to display a number of file format download options.
You have a choice of 4 format types depending on your business needs. They are:

- **Print Friendly** — a format that allows you to view the data as a printable, readable report. If you wish to, you can use this format to output a PDF version; you will need to select to ‘print to PDF’ if this function is supported by your computer.
- **CSV (Comma Separated Values)** — typically used to open as a spreadsheet for sorting and filtering the data. Note that this download has two heading rows.
- **XML (eXtensible Mark-up Language)** — a format for importing into business systems.
- **JSON (JavaScript Object Notation)** — a simple format for importing into business applications.
